PRODUCT	PRODUCT REF	DESCRIPTION	EURO RETAIL EX. VAT	EURO RETAIL INC. VAT
SOUNDWEB LONDON				
		<p>BLU-800</p> <p>Networked audio processor. BLU-Link digital audio bus allows 256 channels of fault tolerant audio transmission. Configurable DSP, 4x more processing power than the original Soundweb London units. CobraNet. Four I/O slots. Available as chassis only or with one of five I/O configurations.</p>		
BLU-800 Chassis Only	BSS0098		€6,000.00	€7,380.00
		<p>BLU-320</p> <p>Networked audio processor. BLU-Link digital audio bus and CobraNet as BLU-800 but no DSP. Available as chassis only or with one of five I/O configurations.</p>		
BLU-320 Chassis Only	BSS0091		€3,840.00	€4,723.20
		<p>BLU-160</p> <p>Networked audio processor. As per BLU-800 with DSP and BLU-Link digital audio bus but no CobraNet connectivity. Available as chassis only or with one of five I/O configurations.</p>		
BLU-160 Chassis Only	BSS0085		€3,300.00	€4,059.00
		<p>BLU-120</p> <p>Networked audio processor. BLU-Link digital audio bus but no CobraNet connectivity or DSP, allowing it to function as a BLU-Link break in/out unit. Available as chassis only or with one of five I/O configurations.</p>		
BLU-120 Chassis Only	BSS0079		€2,340.00	€2,878.20
		<p>BLU-100</p> <p>Networked audio processor. Fixed 12-in, 8 out-configuration. Configurable signal processing. Low latency, fault-tolerant 48 channel digital audio bus. Integrated with BLU-800, BLU-320, BLU-160, BLU-120 and BLU-100 to be integrated</p>		
BLU-100	BSS0118		€2,520.00	€3,099.60
		<p>BLU-101</p> <p>Conferencing processor with Acoustic Echo Cancellation. Fixed configuration of 12 analogue inputs and 8 analogue outputs, configurable signal processing, AEC processing, and a high bandwidth, fault tolerant digital audio bus. Compatible with the entire Soundweb London family. Configuration, control and monitoring from HiQnet London Architect.</p>		
BLU-101	BSS0123		€3,540.00	€4,354.20

PRODUCT	PRODUCT REF	DESCRIPTION	EURO RETAIL EX. VAT	EURO RETAIL INC. VAT
SOUNDWEB LONDON				
		<p>BLU-102</p> <p>Conferencing processor with Acoustic Echo Cancellation and Telephone Hybrid card. Fixed configuration of 10 analogue inputs and 8 analogue outputs, an analogue telephone interface configurable signal processing, AEC processing, and a high bandwidth, fault tolerant digital audio bus. Compatible with the entire Soundweb London family. Configuration, control and monitoring from HiQnet London Architect.</p>		
BLU-102	BSS0124		€3,540.00	€4,354.20
		<p>BLU-80</p> <p>Signal Processor with CobraNet. Configurable DSP with London Architect. Up to 16 mic/line inputs or line outputs, configurable in banks of 4. Available as chassis only or with one of five I/O configurations.</p>		
BLU-80 Chassis Only	BSS0113		€5,460.00	€6,715.80
		<p>BLU-32</p> <p>This device offers identical I/O to the BLU-80, but no DSP, and therefore allows inputs and outputs to be routed onto and from the audio network. Available as chassis only or with one of five I/O configurations.</p>		
BLU-32 Chassis Only	BSS0069		€3,180.00	€3,911.40
		<p>BLU-16</p> <p>The BLU-16 has all the I/O flexibility and DSP power of the BLU-80, but is a standalone device with no audio networking capability. Available as chassis only or with one of five I/O configurations.</p>		
BLU-16 Chassis Only	BSS0117		€2,496.00	€3,070.08
		<p>BLU-BOB</p> <p>Break-out box. 8 channels of analogue output via the Soundweb London digital audio bus. Configured by 6 DIP switches on the rear of the unit. Available as half (BLU-BOB2) rack width. Requires Soundweb PSU, available separately.</p>		
BLU-BOB1	BSS0007		€990.00	€1,217.70
BLU-BOB2	BSS0008		€1,080.00	€1,328.40
		<p>BLU-BIB</p> <p>Break-in box/input expander. Provides 8 channels of analogue audio input expansion via the Soundweb London high bandwidth, fault tolerant digital audio bus. 1U, half rack width. DIP switches for channel range selection. Front panel input gain and phantom power control. Front panel lockout for tamper-free operation. 12VDC external power included.</p>		
BLU-BIB	BSS0120		€1,170.00	€1,439.10

PRODUCT	PRODUCT REF	DESCRIPTION	EURO RETAIL EX. VAT	EURO RETAIL INC. VAT
SOUNDWEB LONDON				
BLU-RACK	BSS0125	BLU-RACK 19" rack mount kit for up to two BLU-BIB or BLU_BOB1 devices.	€90.00	€110.70
NO IMAGE AVAILABLE		I/O CARDS I/O cards for Soundweb London. Analogue in, analogue out, digital in, digital out.		
BLUCARD-IN	BSS0048		€324.00	€398.52
BLUCARD-OUT	BSS0062		€324.00	€398.52
BLUDIG-IN	BSS0073		€324.00	€398.52
BLUDIG-OUT	BSS0074		€324.00	€398.52
NO IMAGE AVAILABLE		AEC INPUT CARD Four input Acoustic Echo Cancellation input card allows Soundweb London to be used in audio conference applications. Compatible with BLU-800, BLU-320, BLU-160, and BLU-120 devices. Acoustic gain control and noise cancellation.		
AEC INPUT CARD	BSS0116		€1,080.00	€1,328.40
NO IMAGE AVAILABLE		TELEPHONE HYBRID CARD The Soundweb London telephone hybrid card is designed to populate any of the four card slots on Soundweb London BLU-800, BLU-320, BLU-160, and BLU-120 devices. Enables Soundweb London devices to interface with a standard POTS (aka PSTN or Analog PBX) telephone network. Each card has two analogue inputs which accepts mic or line inputs.		
TELEPHONE HYBRID CARD	BSS0119		€540.00	€664.20
	BSS0121	BLU-HIF Telephone headset interface. Allows connection between the headset jack of a Voip/digital phone to an AEC input and analogue output of a Soundweb London device. Features RJ-22 jack, balanced input and balanced outputs.	€70.00	€332.10
	BSS0038	BLU3 Rotary fader and a five-way switch. The switch could select system presets while the rotary control could be assigned to act as a zone volume control.		
BLU3			€150.00	€184.50
	BSS0032	BLU6 Eight-way spin pair controller. Eight-way switch plus a pair of spin or up/down buttons enabling the same level parameter to be mapped onto other controllers preventing a jump in audio level when the control is adjusted.		
BLU6			€174.00	€214.02

PRODUCT	PRODUCT REF	DESCRIPTION	EURO RETAIL EX. VAT	EURO RETAIL INC. VAT
SOUNDWEB LONDON				
		<p style="text-align: center;">BLU8 V2</p> <p>Programmable zone controller. Single, four or eight zone ethernet wall controller with a simple interface. Three different modes of operation, standard one zone button zone mode four zones, encoder zone mode eight zones. Available in Black or White</p>		
BLU8 V2 BLACK	BSS0127		€648.00	€797.04
BLU8 V2 WHITE	BSS0126		€648.00	€797.04
		<p style="text-align: center;">BLU10</p> <p>Programmable controller, Up to 100 control 'pages' of virtually any Soundweb London DSP parameter can be constructed, with the ability to create 'folders' for nested pages. Access to specific pages or folders can be restricted with the use of password protection. Available in Black, white and blue.</p>		
BLU10 BLACK	BSS0013		€1,536.00	€1,889.28
BLU10 WHITE	BSS0078		€1,536.00	€1,889.28
WALLBOX	BSS0108	WALLBOX	€45.60	€56.09
SOUNDWEB PSU	BSS0009	SOUNDWEB PSU	€126.00	€154.98
DYNAMICS & EQ PROCESSORS				
		<p style="text-align: center;">FCS960</p> <p>The FCS-960 is a 30-band graphic equaliser featuring Dual Mode switching between Normal and Fine filter width settings on each channel. The FCS-960 provides two channels in 3U of rack space. Constant Q-filters with filter-bypass centre taps are controlled by high grade, 45mm faders with moulded polymer fader knobs which eliminate visual parallax error even under low light conditions. Also included are sweepable/switchable Hi-pass filter, Gain control and electronic balanced inputs and outputs.</p>		
FCS960	BSS0041		€2,340.00	€2,878.20
		<p style="text-align: center;">FCS966</p> <p>30 ISO bands, each with +/-15dB of gain and centre-detent filter bypass at 0dB for maximum performance Custom finger-fit fader knobs Hi and Lo shelving contour controls for sweetening Constant Q filters for better efficiency 8-segment LED input/output metering CLIP indicator Balanced inputs and outputs on XLR, 1/4 inch jack and screw terminal connectors</p>		
FCS966	BSS0033		€1,056.00	€1,298.88

PRODUCT	PRODUCT REF	DESCRIPTION	EURO RETAIL EX. VAT	EURO RETAIL INC. VAT
SPEAKER MANAGEMENT				
		<p>OMNIDRIVE COMPACT PLUS FDS-366T BSS FDS 366 T Omnidrive Compact Plus - speaker management system, AD/DA, 96kHz sample rate, 3x in, 6x out, graphics display, dynamic EQ. Dimensions: 19" x 1U.</p>		
FDS-366T	BSS0107		€3,720.00	€4,575.60
		<p>MINIDRIVE FDS-336T 2-in, 4-out loudspeaker management system designed for FOH applications. Other specifications as per FDS-366T</p>		
FDS-336T	BSS0003		€2,136.00	€2,627.28
		<p>MINIDRIVE FDS-334T 2-in, 4-out loudspeaker management system designed for on-stage monitor applications. Assignable parametric EQ and delay on each input. Crossover with linkwitz-Riley, Bessel or Butterworth filters. Assignable parametric EQ mid filter limiters, polarity and delay on each output.</p>		
FDS-334T	BSS0026		€1,740.00	€2,140.20
DI BOX				
		<p>AR-133 The unit includes phantom power and battery supplies as standard. Should the phantom power from the console fail or be accidentally switched off, the AR-133 automatically switches over to the internal 9V battery providing uninterrupted use.</p>		
AR-133	BSS0106		€168.00	€206.64
ETHERNET AVB SWITCH				
	BSS0128	<p>GS724T The BSS audio / NETGEAR GS724T Ethernet switch is a 24-port ethernet AVB enabled fully managed Gigabit switch. With full support of ethernet AVB technology, the GS724T allows audio, video, and data to be shared amongst ethernet AVB compatible devices.</p>	€1,800.00	€2,214.00
